

FRENCH'S POINT FIRE PITS

Policy

To enhance your overall weekend experience & offer the opportunity to create cozy, meaningful moments, French's Point offers several fire pits (along with the supplies) at various settings across the estate.

Fire pits are available for your use outside of quiet hours. If you wish to use the fire pits:

- **During Events:** our team will set, start, feed & extinguish the fire.
- **Between Events:** our team will provide the supplies & set them, then you will be responsible for lighting, feeding & extinguishing the fires.
- Your planner should indicate in your weekend itinerary provided to our team, which fire pit locations you wish to use & when, so our team will be prepared to support your plans.
